## Education

### The OSU Bootcamps, Certificate in Coding

Columbus, OH

*An intensive 24-week long boot camp dedicated to designing and building web applications. Skills learned include: HTML5, CCS3, JavaScript, jQuery, Bootstrap, Node.JS, MySQL, MongoDB, Express, Handlebars, React.*

### Bachelor of Science, Computer Science – Kent State University

Kent, OH

*Completed 73 / 120 credits.*

## Projects

### React Portfolio | <https://github.com/averyjmiller/react-portfolio>

Developer

- Developed and designed a personal portfolio website using React to showcase the accomplished work of a full-stack web developer.
- Implemented responsive and fluid design techniques to ensure that the website displayed and functioned correctly on a variety of screen sizes.
- Designed an easy-to-navigate and visually pleasing web portfolio with a clean and simple appearance.

### Voyager | <https://github.com/AetherealDev/voyager>

Co-Developer

- Developed a social-media blog site for travelers to document their experiences around the world.
- Utilized technologies such as Handlebars for templating our webpage, Google Maps API for an innovative location search function, and Multer for handling multipart and form-data.
- Performed proper Git Workflow methods to accomplish teamwork in a consistent and productive manner.
- Implemented responsive and fluid design techniques to ensure that the website displayed and functioned correctly on a variety of screen sizes.

### U-Hub | <https://github.com/averyjmiller/u-hub>

Workflow Manager and Co-Developer

- Developed a front-end web application using HTML, CSS, and JavaScript that takes user input to display the weather forecast, the headlining news articles, and the important tasks that the user needs to accomplish for the day.
- Performed proper Git Workflow methods to accomplish teamwork in a consistent and productive manner.
- Utilized web application programming interfaces to fetch and tailor data in order to display relevant information.
- Implemented responsive and fluid design techniques to ensure that the website displayed and functioned correctly on a variety of screen sizes.

## Work Experience

### Renaissance Hotel

August 2023 - Current

#### Concierge - Breakfast Attendant

Westerville, OH

- Greet guests in the Executive Lounge and provide them with a warm welcome.
- Setup and maintain the Executive Lounge for the morning to provide loyalty members with a complimentary breakfast buffet.
- Maintain an accurate inventory of supplies and restock as needed.

### Minico's Italian Restaurant

December 2021 - August 2023

#### Lead Server

Westerville, OH

- Prioritize multiple customers in a fast-paced environment to promptly deliver a pleasant experience resulting in a large number of customers who regularly revisit the restaurant.
- Onboard new servers to follow proper protocols and best practices to ensure a safe and efficient work environment.
- Communicate with management on low front-of-house supplies to maintain a continuously stocked inventory.
